## BIBLE READING

**June 27– July 3  
Acts 8-Romans 11**

## OUR JOURNEY

Which road will we travel in life?

Every time I go to Texas for a visit I wind up on the wrong road.

I trusted my own direction and wound up not even close to where I needed to be. This year was no exception.

Traveling through Memphis, the main bridge is blocked because of a crack in the bridge.

I had to take another route. I was looking at the GPS, but even then I wound up going the wrong direction on my own. Then the lady on the GPS said in few miles make a U-Turn.

I am headed back in the other direction. But, I listen to her and she took us through a residential district and finally across the other bridge on I-55 North.

Okay, so I am doing well now. For the next several hundred miles everything is fine.

We are heading to our daughter's place and I was watching the GPS which I understood her to say turn in a short distance, which I did, and guess what?

I wound up in another residential district. GPS lady finally got me back on the right road again and things were fine.

Coming out of Texas our daughter

said take I-635 East and it will run into I-30 East. I thought that is simple.

I am listening the lady on GPS, she said stay in right lane. Well the right lane in my thinking goes to the right and I wind up in another residential district in Garland TX.

It took the GPS about an hour to get me to I-30 East. As you know trying to do your own thing and not listening to what is said, can get you going in the wrong direction.

Think about this, people today are following their own ideas or someone else's ideas about how to get to heaven.

God has given us a GPS system; the Bible! If we listen to what it says rather than thinking we know the way, we will be okay.

If we will only listen to what God says, rather than ourselves or some other person, we would have no problem of taking the right road to heaven.

The Bible says: *“There is a way that seems right but the end thereof is the way of death.”* (Proverbs 16:25).
