Grundy St. Time: 2:00 p.m.**

December 18th, ALL who can help put the Holiday Bags and Boxes together, and deliver; come to fellowship room at 9 A.M. If enough help, this will not take long.

THE EYE

Because I am type 2 diabetic, every year I have to have an eye exam. It used to be that they would dilate the eye to see how things were in the back of the eye.

Now they have a machine that can do that without dilation. A year ago everything was fine, but this year I discovered from the eye exam that I have glauco-

ma in my left eye. So each night I put a drop in the eye to help reduce the pressure.

I read an article concerning the eye and a doctor said: “We can gather a lot of details about your current general health simply by looking at the back of your eye.”

It is remarkable that a person overall health can be measured by the health of the eye.

What care the Lord has taken to place these details in the bodies He has created! It immediately brings to mind the words of David, the psalmist, who reveled in God’s creativity: “I will praise you, for I am fearfully and wonderfully made; marvelous are your works, and that my soul knows very well” (Psalms 139:14)

The enormous intricacies of our bodies reflect the genius and wisdom of our great Creator. The wonder of His design is more than breathtaking, it gives us countless reasons to worship Him.

What a joy to serve such a Creator and the one that saves us through Christ.

R.H.
