BEING RESTORED

In times past, I used to restore furniture for people. Many times it was things that were broken, and in need of being restored. Sometimes a leg would be broken, the veneer would be coming loose, or missing so, it would have to be glued or replaced.

The finish would be marred or scratched, and the old finish would need to be removed, and new finish replacing the old. But most of the time things that were in need of restoring would look almost new.

Life is sometimes like that. People get damaged by sin, and need to be restored. The situation that some people can get their lives in is terrible, and maybe they think that there is no way to change things. Some may think that they are too far gone to be made new again. But we can be repaired if willing to repent and seek forgiveness.

God has provided a way. We have to allow God to be a work in our lives, to bring about the change that needs to be made. It is like that old piece of furniture that is stained, and marred. A change can be made to bring it back where a new finish is ap-

plied. If one is willing they can be brought back into a relationship with God.

No one is so bad that God will not forgive, and restore. Maybe you see yourself as one who has neglected serving God as you should. Maybe you became a Christian, and then stopped attending worship. You have become stained, and marred by sin but, God is willing to restore, and make you clean.

Maybe you are asking, what I must do? You need to repent, and acknowledge the wrong, and ask for forgiveness. God will forgive. If you need to do that then please do before it is too late?
