THE TRUE STORY ABOUT DINOSAURS

Kyle Butt & Eric Lyons
From their book
Dinosaurs Unleashed

It is time that the true story about dinosaurs is heard. The story told by evolutionists does not agree with the true facts of science or the Bible.

After looking at all the evidence, it is easy to see that dinosaurs and humans once lived together.

Humans painted and carved accurate pictures of those remarkable animals hundreds of years before our modern society began to discover their bones.

Historians like Herodotus wrote about flying reptiles over 2,400 years ago.

Even the Bible describes large creatures that sound very much like dinosaurs.

But, the Bible does not use these creatures to try and teach people evolution.

The Bible uses these magnificent creatures to bring glory to the Creator.

After all, only God can create animals as remarkable as dinosaurs.

God put humans on Earth with dinosaurs so that humans could look at the dinosaurs and see God's power and ability.

We humans have created many wonderful machines and buildings, but we have never been able to design anything as brilliant as a dinosaur.

Dinosaurs do not "prove" evolution, instead, dinosaurs prove that there is a powerful God who rules the universe, and only He has the power to design such "terribly great lizards."

THOUGHTS

"We cannot force someone to hear a message they are not ready to receive, but we must never underestimate the power of planting a seed."

"I can't brag about my love for God, because I fail Him daily. But, I can brag about His love for me, because He never fails me."

"Put your faith in God, He will always be there for you."
