POWERS OF WICKEDNESS

In our day there are many publications concerning Biblical interpretation, that come to you in many sources.

It seems that more and more are being published by various religious denominations.

When reading one of these we must be careful and read with the idea in mind is this according to the truth revealed in the Bible.

Many of the views given are inconsistent with Biblical teaching. Peo-

ple can be led away and are being led away by taking what is said without checking it out to see if is right or not.

Some of these will speak about the “*rapture*” which the bible says nothing about.

Some will talk about “*heaven on earth*”, which I do not believe the bible talks about. There are some who say the kingdom is still to come and will come when Jesus come the second time.

But, according to the Bible the kingdom and the church are one and the same; and was present after Jesus death. Some would argue that instrumental music is okay in worship. Some would say that you don't have to partake of the Lord's Supper every week.

But again, these things must be checked out according to the Scriptures to see if it is true or false.

It always appears that Satan and his hosts are always active in attempting to deceive the Lord's people through misuse of the Scriptures.

We must make sure that what we read is that which is inspired of God by His Holy Spirit.
